Dear Mr. Newton:

We have reviewed the above referenced document, dated May 16, 2006, which we received via electronic mail on May 16, 2006. We have the following comments:

You request our concurrence with the proposed strategy of using the excavated and stockpiled soil as general fill. If we do not concur, the soil will be disposed of at an appropriate soil treatment/disposal facility. Based on the analytical results presented in the attached table, we concur with your proposal to use the stockpiled soil as general fill in areas proximal to the former UST 154 Site.

For any questions, please call me at (951) 782-4494, or send email to [jbroderick@waterboards.ca.gov](mailto:jbroderick@waterboards.ca.gov).

Sincerely,

  
John Broderick
